A TRIP TO DENVER

WARREN LINN TELLS OF THE
BIG CONVENTION.

Was A Delegate To The International
Epworth League Gathering In The
Western Metropolis.

Warren Linn who was a delegate from Jasper to the Epworth League convention at Denver, Colo., last month told of his trip to the Sunday School at M. E. Church last Sunday and we have been permitted to give the following extracts from his talk.

Started from Jasper at 9:27 a. m. on the fourth of July; arrived at Kansas City at 4:35 p. m.; left Kansas City 7:55 p. m. for Denver. All went well until we reached Chiles where we were detained about one hour but we were very thankful it was no longer as the morning train had been detained all night. The delegates were all in the best of spirits.

The Yates Center delegates came into the Missouri car and we all held services together. Mr. Hale leading the song service and Bro. Anderson led in prayer. Mr. Hale was the Sunday School Superintendent at Yates Center when Mr. Frost of this city lived there. We were very glad to make his acquaintance. We found him to be a man that would stir things up.

July 5—After a good night's rest we took breakfast at Bushon Kansas. It rained very hard in the night but the sun was shining beautifully the next morning and all the delegates seemed to have the sun shining in their souls. At Herington we were made to feel badly by Bro. Tompkins of Rich Hill being robbed of \$115 just as he was boarding the train.

Our train was running at the rate of 50 miles an hour 2 mi. from Sugar City when the engineer discovered an old lady sitting on the track. He warned her, but she just looked at the train approaching her and sat still. When the train struck her it killed her instantly. It was supposed to be a case of suicide as one of her neighbors was there and explained the lady's circumstances.

The remainder of our trip was made without further accident. From there on to Denver there was the grandest scenery. In the distance we could see the mountains. We arrived at Pueblo at 7:55 p. m. left at 9:30 arrived at Colorado Springs at 9:45 left at 9:50 p. m. From there to Denver we could not see the country as it was very dark. We arrived at Denver 12:15 and was side tracked and remained in car until next morning.

Thursday July 6, as our train was not met by committee we went to Unity Church, Missouri's headquarters. And found our place of entertainment taken on account of our being 8 hours late.

Dear Guest—I have solved the mother-in-law problem, just give her regularly Hollister's Rocky Mountain Tea. It will make any woman happy and do as much. 25 cents. Tea or Tablets. J. K. Schoeller

On the Spur of the Moment

If you ever find any Ice or Meat or anything else in our line on the spur of the moment, just call or telephone us and see how quick we can get it to your house. We are fixed for just such an emergency. BOUCHER & SON.

So we went to hunt boarding place, which we found near Unity Church. After settling this we went to Trinity Church and heard Honorable Earl M. Cranston United States District Attorney Denver, Colorado in his address of welcome, on behalf of Local Methodist Churches. Mr. Cranston is a son of Bishop Cranston. He gave us a hearty welcome to Denver and in his remarks said the people of Denver had so many blessings from heaven—for instance irrigation, he said they could irrigate their crops and be independent of weather. After responses we were bowed in silent prayer for Bishop Joyce who could not be present at convention on account of his illness, he was President of the national League four years. Elizabeth Bliss of Canada aged 101 years sends greeting to Denver Convention as she had struggled through the 19th century wishing joy and peace to the workers of the 20 century. After this we were favored with the song "He rose he rose from the dead" by three colored ladies and two colored gentlemen and also Georgia song. This was fine. They brought tears to the eyes of their hearers.

Trinity church is as large a church as there is in the city, it is a fine stone church and it was always crowded to its utmost capacity, all who were standing in the aisles and gallery were ordered to go elsewhere to services. We were favored by hearing a chorus of 250 voices accompanied by a big pipe organ. This was grand worth going to Denver to hear.

July 7—We attended Grace Church. This was Junior League day. Heard Rev. J. W. Potter on methods of religious training of children. He said we should get the children interested enough that they would watch every movement of their teacher as they do their pet dog. Hand them a verse of scripture and have them seek many verses they could commit to memory during the year. Train the boys and girls to be honest, and always give good measure. He said for Junior Leaguers to get work in earnest if they would win the banner, and not like the boy who would try to cut a tree down with a pocket knife, but get the proper equipments. We then listened to Lillian Martin. Her subject was "How to work successfully with boys." He said the greatest trouble in youth was the boys were more on the run than on their knees. A Junior Superintendent took a very dirty boy and went up to the mountain and spent the day. After sitting and talking on the mountain, the little fellow said, "If God made these mountains I would rather own one of these than the whole world. I would think I was the whole cheese. Read Bri. chap. 1st Cor."

This talk was followed by Mrs. Ethel Trimble of Iowa her subject was "How to work successfully with the girls." She said to be successful workers with girls we must win the girl's confidence. Not only League and Sunday School workers but the mothers should be so near their daughters that these daughters will not be afraid to ask their advice.

If you are troubled with dizzy spells, headache, indigestion, constipation, Hollister's Rocky Mountain Tea will make you well and keep you well. If it fails get your money back. That's fair. 35 cents. J. K. Schoeller

Take part of your Eggs to Crandall Bros. and get the cash or a little more in trade. Fresh Groceries, Fresh Meats and Produce.

Crandall Bros. will always pay the top of the market for Beef Hides.

And mothers should warn their girls against being on the streets too late at night, so they will not be thrown among the big dozers. The mothers should have the confidence of her daughter so this daughter will not be ashamed to tell her of the very first attempt of a young man to treat her other than a lady. Girls do not ask the advice of some other girl what to do. If a young man wants to put his arm around you, she would be sure to say "Yes let him." But ask mamma and find out what a different answer she will give.

This address by Mrs. Trimble was fine, every one went away resolved to do more to keep our girls and boys pure especially our daughters.

July 8—Saturday our party took the great Moffat road excursion. This is a trip up the mountain to the continental divide. An elevation of 11,000 feet—the greatest altitude reached by any standard gauge rail road in the world. The beauty of the scenery on this trip no tongue can tell. We passed through 33 tunnels hewn out of the solid rock. The higher we climbed the more chilly became the atmosphere. At the top we stopped about an hour, ate our lunch, snow balled, some went sled riding, others gathered flowers; a few were very sick, so as to require the attention of the doctor and nurse, who are sent out with every excursion. By the time we started down the crowd was pretty well frozen as a snow storm was in progress and all were willing to seek a warmer climate. On this day we experienced all kinds of weather, sunshine, rain, sleet and snow. If you ever visit Denver don't miss this trip, but in taking these trips we must exercise care, as a young lady from Iowa, a delegate, made the trip up the Georgetown loop and came back a corpse. This cast a gloom over us. The physician could do her no good as the altitude was too high for her.

Sunday, July 9—We attended Sunday school and services at the south Broadway Christian church. There was 300 in attendance at this Sunday school. This school is full of life. Every one, big and little are there to work. The Superintendent kept things going in a lively manner. After Sunday school W. C. Loren gave an interesting talk on the Evangelizing of the world. He said there were 6,000,000 of Leaguers being trained to take place of the old, and that the Methodists were bringing the world together. Dr. Tyler also made a good talk.

Sunday evening attended services at Coliseum Hall and had the pleasure of hearing and meeting Bro. E. Combs Smith of Omaha Nebraska. Bro. Smith preached a stirring sermon on "Now is the accepted time." We were quite anxious to meet him, he being Bro. Heffner's son-in-law. I found the people of Denver to be very obliging. Also visited Miss Clara Dabney, Mrs. Monroe, and Mr. Will Dabney and wife at Cripple Creek.

It will wash and not rub off,
This complexion all envy me,
It's no secret so I'll tell
Take thou Rocky Mountain Tea.
J. K. Schoeller

Every man owes it to himself and his family to master a trade or profession. Read the display advertisement of the six Morse Schools of Telegraphy, in this issue and learn how easily a young man or lady may learn telegraphy and be assured a position.
